EDUCATION

EMORY UNIVERSITY, GOIZUETA BUSINESS SCHOOL	Atlanta, GA
Master of Science in Business Analytics (MSBA), STEM credentialed program	May 2026
CHINHOYI UNIVERSITY OF TECHNOLOGY	Harare, Zimbabwe
Master of Science in Big Data Analytics	May 2023
UNIVERSITY OF ZIMBABWE	Harare, Zimbabwe
Bachelor of Business Studies and Computing Science, Honors	June 2019

DATA SCIENCE COMPETENCIES

- **Analytical Tools:** GCP, AWS, Azure, Hadoop, Spark, Kafka, PostgreSQL, Tableau, Power BI, NoSQL, Snowflake, Alteryx
- **Programming Languages:** Python (Pandas, Numpy, Seaborn, Scikit-learn, Tensorflow, Skforecast), R, SQL, IDEA, ACL

EXPERIENCE

EQUIFAX	Atlanta, Georgia
<i>Data Science Consultant</i>	2025 to Present

- Led a cross-functional team of six as Technical Lead to deliver automated data quality validation frameworks, reducing manual validation effort by 60% and supporting Model Risk Management compliance.
- Implemented DEV vs Out-of-Time (OOT) data comparison pipelines, detecting 95%+ of data completeness, consistency, and stability issues prior to model deployment.
- Built a GenAI-enabled documentation layer that automated 100% of validation reports and governance exhibits, cutting audit preparation time by 50%.

ECONET WIRELESS ZIMBABWE	Harare, Zimbabwe
<i>Data Analyst – Risk Management</i>	2021 to 2025

- Integrated Agentic AI and Generative AI in fraud analytics and forensics to enhance investigation workflows, reducing manual reviews by 80% and lowering fraud leakages to under 0.50%.
- Created Enterprise Business Intelligence dashboards with Tableau, Power BI, and Qlik-sense, digitizing 90% of internal controls and streamlining compliance reporting, reducing reporting cycles by 50%.
- Designed and operationalized cloud-based data assurance frameworks (Microsoft Azure & AWS) for system migrations and disaster recovery, achieving 100% data quality and regulatory compliance across business-critical datasets.
- Engineered and deployed an AI-powered fraud detection framework integrating machine learning, SQL alerts, and audits, analyzing over 10M daily transactions, improving detection accuracy to 95%.
- Built and automated SQL-driven data pipelines for alerts, compliance audits, and anomaly detection, ensuring real-time monitoring and maintaining a fraud leakage KPI below 0.50%.

ECONET WIRELESS ZIMBABWE	Harare, Zimbabwe
<i>IT Risk Analyst</i>	2019 to 2021

- Developed and deployed predictive analytics and anomaly detection to proactively identify revenue leakage and fraud risks, maintaining financial losses below 0.50% of total revenue.
- Implemented automated risk controls and KPI monitoring dashboards (Power BI, Qlik, ACL), improving compliance scoring to 99% and reducing manual oversight by 80%.
- Collaborated with finance, operations, and IT teams to mitigate system and operational risks, increasing process assurance and risk visibility across business-critical systems.
- Strengthened IT risk management, achieving 99.9% data accuracy and 100% compliance through governance frameworks.

ADDITIONAL INFORMATION

- **Certifications:** ISO 27001 ISMS Development and Implementation, Executive Certificate in Program and Project Monitoring and Evaluation, CARA Certified Apprentice Fraud and Revenue Assurance
